How do you specify additional pull-down menus in a database upload?

When uploading pull-down menus, you use the specified 'within field delimiter' (default delimiter is the pipe "|"). For example, to upload:
Medium
Large
X-Large
you would upload
Medium|Large|X-Large
But how do you upload something for the following?
Medium
Large
X-Large
Red
Blue
Green
Solution ID: S02918
Specify two of your delimiters. Example:
Medium|Large|X-Large||Red|Blue|Green
