Thank you receipt shows 'Spill My Guts' error message

Product: ShopSite SC
Version: All
When client accesses the Thank you receipt, there is a message stating Post:Spill My Guts on the Thank You receipt and also has other non-pertinent information to the receipt. Solution ID: S03697
Solution ID: S03697
This problem is caused by a user leaving the default path in under Custom CGI or Order API as Shopsite calls it. The path can be viewed by entering one's back office and accessing Merchandising-> Order API. They will need to remove this path to stop this message from occuring in newly installed stores.
