

ShopSite Knowledgebase

allow variable shipping options/store (price and/or weight)

Product: ShopSite SC

Version: v5 and prior

A client requests a way to choose two types of shipping instead of just one. For an example, they want to offer UPS shipping by price, but FedEx shipping by weight. Is there a way to do both?Solution ID: S03699

There is not currently a way to do this. There is an open enhancement request for this feature.
