Is it possible to remove the Discover Card logo in my Shopping Cart?

Product: SC

Version: 4.x, 5.0

Platform: ALL

Solution ID: S03770

In versions 4.2.x, it is not possible to remove the Discover Card logo from the cart screens if Discover Card is chosen as a payment option.

To add or remove this in v4.3 or later, go to Commerce Setup > Payment (payconfig.cgi). There is an option on this screen that allows you to select if you would like the Discover Card logo displayed.
