

ShopSite Knowledgebase

What features are available in Starter vs. Manager vs. Pro? What about the different releases?

Product: ALL

Version: ALL

Platform: ALL Solution ID: S04125

A listing of the different features available in each product (ie: Starter vs. Manager vs. Pro) is posted on the ShopSite website at:

<http://www.shopsite.com/scchecklist.html>

Details on enhancements and new features in the different releases of ShopSite (ie: 9.0 vs. 10 vs. 10 sp1, etc) are available by clicking on the various 'new features in ShopSite XX' links on the ShopSite help menu at:

<http://www.shopsite.com/help>

It's recommended that you always run the latest version of ShopSite. Please ask your ShopSite hosting service about your upgrading options. Technical information for upgrading may be found on the "ShopSite Installation and Upgrade Instructions" page:
