ShopSite Knowledgebase

Can the default ShopSite templates be modified?

Product: Manager, Pro, Enterprise
Version: 6.0 and newer
OS: ALL
Can I edit and/or customize the templates that come with ShopSite?
Yes, the majority of ShopSite default templates are written in the ShopSite Custom Template language and in ShopSite Manager, Pro, and Enterprise these can be copied and edited from one of the Merchandising > Custom Templates sub-menus.
ShopSite Starter and Express do not include the Custom Template feature.
Here are some designer resources that you may find helpful customizing or developing ShopSite Custom Templates:
Designer Tools:
