ShopSite Knowledgebase

ShopSite and MasterCard numbers starting with a '2'

Product: ALL
Version: ALL
Platform: ALL
I have heard that beginning in 2017 MasterCard will begin issuing credit card numbers beginning with a '2' (all previous Mastercard numbers began with '5'). Will these new numbers be accepted in my ShopSite? Is there anything that I need to do?

ShopSite v12 sp3 and newer already supports the new MasterCard numbers beginning with a '2'. If you have an older version, these numbers are not supported. Upgrade to ShopSite 12 sp3 or newer for this functionality.
It is likely that the earliest that these numbers should be encountered in the wild is July 2017. See the following MasterCard web site for additional details:
